PRESS STATEMENT

IMMEDIATE RELEASE

SUBJECT: NON-PRODUCTION OR ISSUING OF DRIVERS LICENCE CARDS

The Municipality acknowledges the challenge with regard to the non-production or issuing of drivers licence cards within all its Mhala and Mapulaneng DLTC's since April 2015. The situation is as a result of processes beyond the municipality's control in the sense that there have been changes in the company charged with the production of drivers license cards and the process is been facilitated by the National Department of Transport.

However as part of the intergovernmental relations, the municipality is in the process of facilitating the speedy finalization of all necessary processes that needs to unfold so that the situation can get back to its normal operation. The municipality is hoping that the situation and all processes should be resolved within the next coming two weeks.

The municipality would like to apologize to the community of Bushbuckridge and all affected stakeholders for the inconvenience the situation may have caused.

Regards,

Aubrey Mnisi
